Per my talk w/ Nancy this morning, here's a clean version of the asbestos web pages impacted by the messaging we worked on yesterday. The new/revised text is in red for easy reviewing. Let me know if you have questions/comments. Nancy G./OPA called this morning to say they'd like us to get our web updated as soon as possible. Thanks.

Just flagging this for you. The edits are consistent with the final language you worked on earlier. OPA would like web edits up ASAP. Nancy Grantham in OPA had me post the final asbestos factsheet on the web a few minutes ago. Thanks.

Here's what we're thinking on web revisions. See track changes of the pages in question attached. This language is pulled from the factsheet language OPA pulled together so if that changes I'll change this too. Let me know if you have thoughts. Thanks.
